SUBCOMMITTEE ON EXPLOITATION OF FOREIGN LANGUAGE PUBLICATIONS

FDD PROGRAM FOR THE USSR

The following program for the USSR has been devised by FDD to meet the continuous needs of the IAC agencies as expressed by their representatives on the Subcommittee for Exploitation of Foreign Language Publications. This program is outlined in broad terms and subject to specific refinement through operational liaison.

1. USSR -- Political

A. Bimonthly Report on USSR Territorial-Administrative Subdivision Changes

To include: all pertinent announcements and decrees.

This report will be organized internally by regions within the USSR, i.e., the 16 union-republics listed alphabetically. The report will be published in the FDD OO-W series.

B. Semiannual Report on Allocation of Functions Among Ministries and Other Central Organs of the USSR Government

To include: selected data on structure and allocation of functions of USSR all-union, union-republic, and republic ministries and other ministerial-level organizations as well as identification of key personnel within these organizations.

This report will be organized internally by ministries. Each report will emphasize that material which has become available during the preceding six months. The report will be published in the FDD Summary series.

C. Thrice-weekly Biographic Report

To include: biographic information on secretaries and heads of sections of USSR, republic, oblast, and city party committees; ministers, deputy ministers, heads of main administrations of all-union ministries; chairmen and deputy chairmen of supreme soviets and executive committees of oblast and city soviets; heads of such mass organizations as Union of Soviet Writers; officials of All-Union Central Council of Trade Unions and the various republic councils of trade unions; officials of the various all-union and republic unions of consumer cooperatives and councils of industrial cooperatives; selected cultural and scientific personalities. Complete biographic reports on all participants in supreme soviet sessions, USSR and republic party congresses, USSR and republic party plenums and plenums of party committees of Leningrad and the republic capitals; and USSR and republic Komsomol congresses.

This material is not published, but is disseminated to IAC agencies on a 5"x8" card format, one item to a card.

C-O-N-F-I-D-E-N-T-I-A-L

2. USSR -- Sociological

A. Annual Report on Crime in the USSR

To include: information on all types of crime reported as well as data on trials and sentences.

This report will be organized internally by type of crime. The report will be published in the FDD Summary series.

B. Semiannual Report on Technical Education in the USSR

To include: information on the organization of higher educational institutions; statistics of enrollment and graduation; curricula and techniques of instruction; and budgetary and planning data.

This report will be organized internally by types of school. The report will be published in the FDD Summary series.

3. USSR -- Military

A. Monthly Military Information Report

To include: information on military personalities, schools, districts, training, equipment, indoctrination, paramilitary organizations and activities, publications, and editorials in Krasnaya Zvezda (Red Army) newspaper.

This report will be organized internally by subject as indicated above. The report will be published in the FDD Summary series.

4. USSR -- Economic

A. Annual Report on USSR Republic Budgets

To include: excerpts from speeches of republic finance ministers and recommendations of republic budget commissions, income and expenditures for various sectors of the economy, complete translations of republic budget laws, and comparative analysis of the 16 republic budgets.

This report will be organized internally by USSR republic. The report will be published in the FDD Summary series.

B. Semiannual Report on USSR Republic Plan Fulfillments

To include: complete translation of republic plan fulfillment announcements with comparative analysis by commodity, ministry, and sector of the economy.

This report will be organized internally by USSR republic. The report will be published in the FDD Summary series.

C-O-N-F-I-D-E-N-T-I-A-L

C. Bimonthly Report on Extractive Industries of the USSR

To include: information on deposits, mining, processing, and distribution of ferrous and nonferrous metals, minerals, coal, peat, shale, petroleum, and chemicals.

This report will be organized internally by type of raw material. The report will be published in the FDD Summary series.

D. Monthly Report on USSR Agriculture and Forestry

To include: information on crops, weather, animal husbandry, land improvement, and forestry and timber industry.

This report will be organized internally by subject as indicated above. The report will be published in the FDD Summary series.

E. Monthly Report on USSR Production of Industrial Equipment

To include: information on the output of individual machine-building enterprises and ministries, model numbers, technical specifications, producing plants, production processes and statistics for the following categories of industrial equipment: instruments, tools, machine tools, textile and food production equipment, agricultural machinery, tractors, motor vehicles, heavy industrial and construction equipment, and electrical and communications equipment.

This report will be organized internally by category of industrial equipment. The report will be published in the FDD Summary series.

F. Monthly Report on USSR Transportation and Communications

To include: information on rail, water, motor, air, and urban transportation operations, facilities, and equipment; and on postal, wire, wireless, television, motion picture, and printing industry facilities and operations.

This report will be organized internally by type of transport and by type of communications. The report will be published in the FDD Summary series.

G. Periodic Report on USSR Consumer Goods

To include: information on the production and processing of textiles, clothing, footwear, leather goods, and all types of food, including meat and fish products.

This report will be organized internally by commodities. The report will be published at irregular intervals in the FDD 00-W series.

C-O-N-F-I-D-E-N-T-I-A-L

C-O-N-F-I-D-E-N-T-I-A-L

H. Periodic Report on USSR Electric Power

To include: information on facilities, installations, capacities, output, and new construction in the national, regional, and local power networks of the USSR; data on the new canal and irrigation construction projects as they relate to the power industry.

This report will be organized internally by regions within the USSR. The reports will be published at irregular intervals in either the FDD Summary or FDD 00-W series.

I. Periodic Report on USSR Domestic and Foreign Trade

To include: information on the domestic trade net and its outlets, quality, quantity, and variety of goods offered, organizations, planning, and personnel; foreign trade organizations and their activities, responsible personnel, trade charters, agreements, and balances.

This report will be organized internally by type of trade; i.e., foreign and domestic. The report will be published at irregular intervals in either the FDD Summary or FDD 00-W series.

J. Periodic Report on USSR Labor and Manpower

To include: information on USSR labor recruitment, training, allocation, reserves, productivity, and manpower distribution.

This report will be organized internally by subject as indicated above. The report will be published at irregular intervals in either the FDD Summary or 00-W series.
